

MARKET LEADING & INNOVATIVE PRODUCTS

Amiad	Pre-filtration for MF, UF, NF and RO membranes, UV and tertiary treatment, and effluent polishing	
Atlas Copco	High Speed Turbo, Rotary Screw, Rotary Lobe and Multistage Centrifugal Blowers, DO Control, Advanced Controls, Flow or Pressure MOV, Compressors	
Blue Earth Labs	NSF60 Cleaners for Filter walls, troughs, media, clearwells, tanks, reservoirs, packed tower media. Floran, nExt, Clearitas	
Boerger	Rotary Lobe Pumps - self-priming, positive displacement pumps; Grinders for protecting downstream equipment	
Calgon Carbon	UV Disinfection (Medium Pressure), Advanced Oxidation - Taste & Odour	
Claro	Fine Step Screens, Hygienic Screenings Baggers, Grit Removal, Grit Classifiers, Big Bubble-Gun Gas Digester Mixers, Sludge Heat Exchangers	
Clean Methane Systems	Conditioning & recouping waste stream biogas, including chilling; compressing; and removal of moisture, sulfur, CO2 and siloxane	
Continental Carbon Group	Vapour Phase Odour Control & H2S Removal. Standard Vent Stack, Manhole and VENTSORB Canisters. Engineered PHOENIX® radial flow canisters, using water washable CENTAUR® HP carbon	
Electrolytic Technologies Corporation	Klorigen - On-site and On-demand generation of Chlorine Gas and Sodium Hypochlorite. Safe production of high strength hypo, up to 15%. Cheaper than bulk, and no decomposition	
Evoqua Water Technologies	Travelling Water Screens; Envirex Circular and Rectangular Clarifiers, Thickeners; RBC & SBR; Oxidation Ditches; Surface Aerators; JetMix Hydraulic Mixing; Traveling Bridge Filters; Filter Presses, Gas Holding Systems; Chlorine Scrubbers; Gas Chlorinators & Analyzers, BioMag & CoMag	
GEA Westfalia	Centrifuges – Sludge thickening and dewatering	
Golden Harvest	Aluminum and Stainless Steel Gates: Sluice, Slide & Weir, Zero-Leakage, Water Control 6" to 240"	
Grande Water Management	Tipping Buckets, Bending Weirs, Flushing Gates, Vortex Flow Regulation, CSO & Stormwater Management	
Hallsten	Aluminium Covers, Bio Floor Biofiltration System	
Huber Technologies	Headworks Screens - Drum Screen, Fine MBR screens, Multi-rake Bar Screen, Perforated Plate, Step Screens, Washers & Presses; Storm & Sewer Screens – Vertical screen & lift; Grit Removal & Treatment; Septage Receiving Station; Sludge Thickening, Dewatering & Drying - Screw Press, Screw Thickener, Disk Thickener, DAF, Sludge Dryer (Belt and Solar), Watertight Doors	

MARKET LEADING & INNOVATIVE PRODUCTS

INVENT Environmental Technologies	Advanced Hyperboloid Mixers & Mixer-Aerators- bridge mounted or self-supporting cage; flocculation, reservoir, storage tank, anoxic zones, swing zones	
IXOM	Fluidized Ion Exchange for Color and Organics Removal (MIEX), THM & DBP Reduction, Nitrate Removal	
John Cockerill	Custom Built odour control solutions using wet scrubbers, biofilters and/or activated carbon towers. Environmentally friendly vessels made of recyclable PPE and HDPE	
Jim Myers & Sons	Inclined Plate Settlers, Horizontal, Vertical & Walking Beam Flocculators, Troughs, Paddle Wheel & Helical Skimmers, Swivel Joints, Telescoping Valves	
Lonestar Blower	Integrally-Geared Single-Stage Turbo Blowers, Airfoil Turbo Blowers, Multi-stage Centrifugal Blowers, Blower repair, overhauls and re-rating	
NEFCO	FRP Troughs, Weir & Scum Baffles, Launder Covers, Stamford Baffles, Density Current Baffles, Clarifier Performance Improvement	
Nova Water Technologies	Dynamic Tangential Disk Filtration for Tertiary Treatment	
Roberts Filter Group	Underdrains (INFINITY extruded, block & clay); ARIES air scour system; Gravity and Pressure Filters, Inclined Plate Settlers, DAF	
Schwing Bioset	Sludge Cake Pumps, Silo Storage – Sliding Frames, Pushfloors, Truck Receiving; Screenings Pumps; Fluid Bed Sludge Dryers; System Integration; Lime Treatment & Stabilization, Flow Measuring	
Spaans Babcock	Archimedean Screw Pumps, Bormet Fine Screens, High Efficiency Surface Aerators	
Suez Water	Drinking Water UF, NF, RO, Desalination; Tertiary Filtration & MBR Wastewater (formerly GE Water & Zenon Environmental): ZeeLung Membrane Aerated Bioreactor (MABR); Monsal Advanced Anaerobic Digestion	
Velocity Dynamics	Liquid & Dry Polymer Systems, Metering Solutions and Accessories	
WSG Solutions	Screening & Grit products utilizing proven Link-Belt and Rex technologies. OEM source for all the Headworks products previously supplied by FMC, USFilter, Vivendi, Veolia and Siemens Water Technologies	
Xylem Sanitaire, Flygt & Wedeco	Fine and Coarse Bubble Diffusers, In Place Gas Cleaning, ABJ ICEAS SBRs, Flygt Mixers, UV Disinfection (Low Pressure) & Ozone
